

Major Lowman

August 17, 1942

Colonel Goodfellow

I never heard of Mr. Benoit referred to in the August 12th letter from Col. Grossbach to you, which I am returning herewith. I could probably find out something about him from Mr. Sandels if you wish me to investigate; however, since we are not doing anything more at the present time with the Code and Cipher section, I wondered if there was any purpose in considering him at all.

I would also like to call your attention to the second paragraph of Col. Grossbach's memorandum and his request which is explained in the copies of letters dated August 11th and 12th attached. I see no special reason for his having this information unless you want to give it to him.
